13<sup>TH</sup> / 14<sup>TH</sup> FEBRUARY 2010

## **CROESO / WELCOME**

Teifi Valley Motor Club Limited welcomes you to the Rali Bro Preseli Rally 2010, which is being sponsored by Arjay Factors (Cardigan) Ltd and Robins Taxis (Cardigan). Navigation will be in a simple and straightforward pre-plot format. Competitors will be given two hours to plot the route. Expert navigators will be on hand if help is needed. We will also hold a basic navigation training evening on January 31<sup>st</sup> January for the first time or “rusty” navigators. For details and essentials booking phone Mike James – 0239 881347 between 18.30 – 21.30 hrs. Due to the finish venue being in a very PR, sensitive area, only competing cars and marshals will be permitted at the finish – WITHOUT EXCEPTION.

Last year’s entries filled up in 3 days, and the interest in this year’s event is even greater, so please return your entry forms by 23<sup>rd</sup> January BY POST ONLY! No entries will be accepted by hand from anyone, to give all applicants an equal chance. Entry draw will be on the 24<sup>th</sup> January 2010.

MC	-	Main Control
PC	-	Passage Control
Via	-	Via Control
SC	-	Secret Check

At each Main and Time Control the marshal will enter the time shown on the control clock and sign in the appropriate place on the time card. At Passage Controls the marshal will only sign the PC and DSO card(s) in the appropriate place.

Some controls or checks may not be manned, these may be represented by a Code Board. Competitors must note the letter and / or numbers displayed on these boards in the correct format and record them in the relevant place on their timecard before proceeding. The Marshal at the next Time or Passage Control must endorse the code.

A Control Board will indicate all controls 50 yards ahead on the correct direction of approach. They must be visited in the order specified in the route information. Any controls visited out of order will be deemed not to have been visited.

Sections of the route may include NOT AS MAP triangles that will have a Control area of 3 metres. They will be identified in the route information and preceded by a control board on the correct direction of approach.

Should any entry on a time card not be legible or not appear authentic, it may be deemed not to have been made. In the case of all controls reference will be made to marshals' check sheets or by other means.

It is not the duty of any marshal to interpret Regulations or other written instructions to a competitor or to explain the meaning and / or effect thereof. It is the responsibility of competitors to read and understand these regulations and all written instructions.

Controls will open 30 minutes before due time of the first car, and close 45 minutes and 59 seconds after the last car is due H58.

## **16. TIMING**

The event will use the scheduled timing method. Timing will be to GMT(BBC Time) and by marshals' digital clocks. All crews are advised to carry an accurate digital watch with them on the event.

There will be two types of section:-

### **STANDARD SECTION**

### **NEUTRAL SECTION**

These are deemed QUIET sections and are used to take the rally through PR sensitive or densely populated areas. PLEASE RESPECT THEM. They are timed at a low average speed and competitors must complete the section in as high a gear as possible and without use of auxiliary lights (except as permitted by law when driving in fog). Competitors MUST NOT make up time in these sections, and no penalty will be incurred for lateness other than for exceeding maximum lateness. Any lateness incurred in these sections will be cumulative towards Maximum Lateness.

Competitors may be instructed to reduce lateness en route.

A competitor who wishes may miss a control or controls. He will be penalised in accordance with H84 for every control missed. If he rejoins the route at a control at the end of a competitive section he will be permitted to restart without further penalty at any time between his original scheduled time and his Maximum permitted lateness. This maximum permitted lateness time still being in relation to his original scheduled time. If the rejoining control is at the end of a neutral section, he will only be permitted to restart without further penalty at his official corrected time at the last control at which he reported within maximum lateness.

Competitors late at one control may be the equivalent amount late at succeeding controls without further penalty provided maximum lateness is not exceeded.

Where a control at the end of a section timed to the second also forms the start of a section timed to the minute, the departure will be taken as the time of arrival but to the preceding whole minute (i.e, the seconds will be ignored). This will be in accordance with H78.
